

Community Committee (ComCom)

Meeting Agenda

Tuesday, August 11, 2026 at 2:00 pm

Zoom: us06web.zoom.us/j/9927228163

Housekeeping

- Welcome back Deb, and welcome Robin, joining us today
- Governance structure PDF is posted to the website; the volunteer program email went out Aug 6
- Meeting schedules on the website: ARC and ComCom are on the event calendar this week. Confirm a standing ComCom cadence so it can go up permanently, and agree who asks the other committees for theirs

Newsletter (time priority)

- Issue 2 goes to the printer in roughly three days. Set a working session this week: Steph, Gigi, Deb
- Gigi's Spotlight is in. What content is still open and who owns each piece
- August delivery: Del and Joanne have the east side
- Backup editor so the newsletter is not a single point of failure

PGV under ComCom

- How PGV works in the new structure: it operates as a program under Community, with Robin leading it and staying the point person for day-to-day parking matters
- What ComCom brings to it: volunteer recruiting, notices and communications support, and a place in the monthly committee report to the board
- Budget and spending path: PGV needs go into ComCom's budget request rather than a separate ask
- Reporting: agree how PGV items reach the board report, so compliance matters like tows stay clearly stated and do not get folded into general community news
- Schedule the PGV and ComCom working session to walk through the details

Events and announcements

- Progressive dinner: 46 attended. Thank-yous, photos for the newsletter
- Gary Schoos memorial, Friday Aug 21 at 11:30: how and when we announce
- Deb's book party, Saturday Aug 15
- Relay Races: where Victoria's coordination and the outreach to Corinne, Marco, and Wynn landed
- Fall cleanup Oct 24, and the obstacle race if there is a date

Website calendar

- Workflow: Jane and Deb gather events, Steph posts. Confirm and start using it

Committee reporting

- Chair form: simplify to plain text boxes on a single scroll, drop the tabs, keep PDF upload for anyone who prefers to format their own
- Separate, simpler volunteer form: pick a committee, then what you are working on and what you finished

- Phase 1 goal is getting people to the website once a month; add depth later
- Website file library cleanup under Community

Bulletin board and EPIC

- Two-phase refresh; everyone brings wish-list ideas
- Gigi setting up the joint meeting with EPIC on safety content and dividing responsibilities

Resident requests and notices

- Garbage and recycling education (Sheila) plus signage at the garbage area: does ComCom own this, or Maintenance with a ComCom steward
- Plant trimming complaint (Kelly): whether a moorage-wide note is the right response when it appears to involve one person
- Open house pedestrian gate: board approved leaving it open during open houses with a moorage-wide notice; ComCom drafts it

Recruitment and wrap

- Committee membership: who else should we be inviting to join
- Confirm next steps and next meeting
