

Community Request for the TDA Board's 2025-2026 Agenda

To have a topic formally discussed and considered by the board, members must complete and submit an Agenda Request Form.

The form requires:

- A clear description of the topic or concern.
- A proposed solution or recommendation.
- A statement of how the member will support or help implement the solution.

This process helps ensure the board is prepared to deliberate, research, and take action where appropriate.
